

T3

Design : byKATO

ANDERSEN

TIMELESS SINCE 1916

PURE MAGIC

From 6 to 12 people in 10 seconds. It is that simple to use the T3's butterfly extension. Just a pull and a lift and the two-piece extension leaf is in place. With its classic design, the T3 is also built for long life. It is timeless in solid walnut or oak, or full of life with one of the coloured laminate table tops. You can add extra contrast, class and personality with your choice of chair, for example TAC. It is a question of seeing the potential... and the magic.

95 x 200 x H74 cm (extended: 300 cm)
